## Our Foundation

A colorful pattern alone does not make a shoe an “Alegria.” It is our footbed - the foundation of our shoes - that makes Alegria by PG Lite® stand out from the rest. You will feel the difference in comfort and support from the minute you put on a pair, and here's why:

### Women's Classic Footbed

- Patented interlocking technology secures removable footbed to outsole
- Engineered with cork, soft polyurethane & memory foam with leather cover
- Conforms to natural contours of the feet to create customized arch support
- Available in medium & wide widths in sizes 34 to 43

### Women's Career Fashion Footbed

This unique footbed specially designed for our Career Fashion Collection offers something not readily available in the market today – a medium and wide fit option in the same pair of wedge or heel:

- Cork, soft polyurethane and memory foam padding for added arch support
- Designed to alleviate pressure on heel & ball of foot
- Removable footbed in leather cover
- Available in medium & wide widths in sizes 35 to 42

### Men's Classic Footbed

- Patented interlocking technology secures the removable footbed to outsole
- Ventilation grooves to reduce heat & improve air circulation within the shoe
- Engineered with cork, soft polyurethane & memory foam with leather cover
- Long lasting arch support
- Available in medium & wide widths in sizes 40 to 48
